

Impact Assessment & Actions to Improve Impact

Prepared by Natxo S.

AIJU's Self-Assessment

- It has been a challenge that I think we have been able to solve. Three years ago it was more complicated to access components. We have looked for the option of keeping most of the components from the basic drone to the advanced drone.

AIJU's Self-Assessment

- We have explored other options and created additional developments related to DroneTeam project: Holograms, VR and AR.

AIJU's Self-Assessment

- Our satisfaction for Having given support to the rest of the partners. We have perfected the use of scribing videos. + of 12 people have been involved in the development of this project by AIJU.
- Thank all the partners for the commitment and interest. Taking into account the complex technological characteristics of this project
