Dissemination activities

 Technical school Sisak presented the DroneTeam project to 300 elementary school students from 13 elementary school in our county during the Open door days of Technical school Sisak on 4th and 5th of May.

 We posted about open door days activities on school website, Technical school Sisak-cool school Facebook page and Drone Team Facebook page

 We visited elementary schools and presented the project to parents of eight grade students and handed out flyers with description of our project.

Upcoming dissemination activities

Presentation of the project on SOELA2017 – 3.
 electrical car exhibition and 5th solar car race
 9.-10. June 2017. (stand with roll up and

flyers).
